The Psychiatric and Developmental disabilities center in Binghamton closed. They were able to find jobs for everyone but some people had to accept a job that were in lower pay grades.

**Secretary** – The minutes for March 1, 2016 were distributed for review. Darlene made a motion to accept minutes as written. Joe seconded the motion. All in favor, motion approved.

Committee Reports:

**Social Committee** – committee met to start planning 2016 Holiday party. We are looking at going back to the Elks club again this year and doing a Hawaiian Christmas theme on December 3. We have also decided to try and do a NYC bus trip again in November for the Radio City Christmas Spectacular.

**Women’s committee** – There could be a potential issue with one of the vendors the women’s committee invited to the March event. Discussion held. We need to find out for sure what the college and CSEA policy is for inviting vendors to our events.

Old Business:

**Discipline and Interrogation training** – March 22 & 23 – As of today, we only have 6 people signed up for the training and they need at least 10 to hold the training.

New Business:

**Listening tour information** – On March 21<sup>st</sup> negotiating team will be going back into negotiations for contract.

**CSEA Headquarters** – calls to members – CSEA headquarters have started making calls to union members at home to find out if they are happy with the union. They are also asking people about their benefits.

**Other** – Labor management meeting is coming up in April. We need to set up a pre-labor management meeting to set the agenda. The pre-labor management meeting will be March 29 at 12:00 noon in IRC B-19. Kelly will send out an email to Mary Moubray and Dale Webster to let them know.
